

Networking EU & Chinese Grid Experiences for Innovation

Tuesday 24 April 2007	1st EchoGRID-EUChinaGRID International Conference, 24-25 April 2007, Beijing, China
09.30-13.30	EchoGRID-EUChinaGRID Opening Session
	Welcome Addresses
09.30-10.00	Dr Xiaohan LIAO, Deputy Director, High & New Technology Department, MOST Alison Birkett, EC Delegation to China
	Keynote Address
10.00-11.30	Chunheng WANG, Division of Information, MOST – <i>Grid Research in China's High-Tech R&D Program</i> Wenbo Mao, HP Lab China - <i>Grid Security via Two Levels of Virtualisation</i> Xintai Wang, eStarCom Inc - <i>SOA-based Information Sharing & Exchange Grid</i> Wayne Wang, Intervision Software Co. Ltd. - <i>Research & Development of Grid Middleware</i> Dongpu Fu, TongTech - <i>Research of SOA & Product Application</i>
11.30-12.00	Networking Coffee & Tea Break
	Thematic Session 1 - Enterprise Challenges with Grids
12.00-13.30	Chair (China) Jacky Sheng, Huawei Co. Ltd. Chair (Europe) Andrea Manieri, Engineering – Ingegneria Informatica Professor Jun-Seok Hwang, Seoul National University & Head of Association of Enterprises Korea Pawel Plaszczak, GridwiseTech – <i>Business & Industry Benefits: Grid Technology Case Studies</i> Dr Wei Zhou, CNIC (CAS) - <i>Integrating Scientific Data on Grid</i>
13.30-14.45	Networking Lunch
	Thematic Session 2 - Interoperability
14.45-16.15	Chair (China) Kai Nan, CNIC Chair (Europe) Federico Ruggieri, University of Rome Tre Yongjian WANG, Beihang University – <i>Gateway-based batch job interoperability between CNGrid GOS and EGEE gLite</i> Jianxin LI, Beihang University – <i>CROWN-ST: A Security & Trustworthiness Architecture for CROWN</i> Dr Gang Chen, IHEP – <i>LCG: The Worldwide LHC Computing Grid</i>
16.15-16.45	Networking Coffee & Tea Break
	Live Demo & Poster Session
16.45-18.30	Demo 1: Maciej Malawski, Jagiellonian University – <i>Biological Applications within EUChinaGRID</i> Demo 2: Zhao Yongwang, Beihang University – <i>Seismic Data Processing</i> Demo 3: Boqun Cheng, Li Zha, ICT – <i>The VEGA Project</i> Demo 4: Li Qin, Zhong Liang, Wo Tiangu, Tang Peng, Beihang University – <i>CROWN</i> Demo 5: Clement Mathieu, Denis Caromel, Yu Feng, INRIA – <i>ProActive, the Java GRID Middleware Library</i> Demo 6: Fabio Polticelli, University of Rome Tre – <i>Rosetta Software for Protein Structure Prediction</i>

Networking EU & Chinese Grid Experiences for Innovation

Wednesday 25 April 2007	1st EchoGRID-EUChinaGRID International Conference, 24-25 April 2007, Beijing, China
09.30-11.00	Thematic Session 3 - New Programming Paradigms
	Chair (China) Yan Zhu, Beihang University Chair (Europe) Thierry Priol, INRIA
	Professor Zhiwei Xu, ICT (CAS) – <i>Network Centric Operating Systems</i>
	Andrea Manieri, Engineering – <i>The NESSI Vision on Research Challenges</i>
	Zsolt Nemeth, SZTAKI – <i>Distributed Workflow Co-ordination: Molecules& Reactions</i>
	Professor Huamin WANG, NUDT – <i>Internet Virtual Computing Environment (IVCE)</i>
	Denis Caromel, INRIA – <i>Grid Component Model (GCM) and Active Objects: from Multi-Core to Grid Programming</i>
11.00-11.30	Networking Coffee & Tea Break
11.30-13.00	Thematic Session 4 – Management in Grids: The New Priorities
	Chair (China) Sijin Qian, PKU Chair (Europe) Federica Tanlongo, GARR
	Professor Zhongzhi Luan, Beihang University - <i>Making Management An Essential Attribute of Grid</i>
	Andrea Manieri, Engineering, representing the ETICS Project - <i>Toward A Quality Certification Model for Grid Research Project: an ETICS feasibility study</i>
13.00-14.00	Networking Lunch
14.00-15.30	Thematic Session 5 – Ongoing Research versus Enterprise Achievements
	Chair (China) Dr Gang Chen, IHEP Chair (Europe) Thierry Priol, INRIA
	Professor Hai Jin, HUST - <i>ChinaGrid</i>
	Professor Jinpeng Huai, BUAA - <i>CROWN</i>
	Professor Depei Qian - <i>CNGrid</i>
15.30-16.00	Networking Coffee & Tea Break
16.00- 17.30	Thematic Session 6 – Roundtable on Future Collaborative Scenarios
	Panellists: Taoying Liu (ICT); Professor Hai Jin; Professor Jinpeng Huai, Professor Depei Qian, Federico Ruggieri, Thierry Priol, Andrea Manieri, Pawel Plaszczak, Wenbo Mao, Xintain Wang, Wayne Wang, Dongpu Fu, Professor Jun-Seok Hwang, Jacky Sheng, Csilla Zsigri (Atos Origin, Spain), Florida Estrella (CERN, Switzerland), Federica Tanlongo.
17.30-18.00	Closing Session Thierry Priol, INRIA; Federico Ruggieri, Project Co-ordinator EUChinaGRID; Professor Depei Qian, Beihang University
